INTERLINK FLEET KIT

Catch a failing interlink weeks before it fails.

Brake IQ Interlink records per-axle brake casing temperature and trends performance across your fleet, so degrading brakes show up in the report long before they show up at the roadside.

INTERLINK FLEET KIT

R57,116.00

WHY IT PAYS

Per-axle temperature change
Records before and after brake casing temperature on every axle.

Trend before failure
Spots degrading brake performance across vehicles weeks before failure, with history and insights on the report.

Workshop guidance
Multi-page report with maintenance, test history and compliance insights for the workshop.

Price it in under a minute. Build your quotation.

Use the "Build my quotation" button in our email. The instrument is already on the quote: tick the modules you want and download the official PDF, valid for 30 days.
