HOW ADDING A MODULE WORKS

1

Tick it

Choose the module on your instant quotation. The total updates before you download.

2

Order

Accept the quotation. The kit is compiled in 3–5 working days.

3

Unlocked for you

NetBrake unlocks it in-house during calibration. Nothing to enter on the device.

4

Ready

The tile changes from “Available for purchase” to “Ready”, and the licence is yours to keep.

Price it in under a minute. Build your quotation.

Use the “Build my quotation” button in our email. The instrument is already on the quote: tick the modules you want and download the official PDF, valid for 30 days.
